FARRIONABLE DRESS MAKING .- Our lady readers will hardly fail to notice the card of Miss Amerman. in another column of to-tay's p per. The New York and Pennsylvania fashions for Spring have been received by Miss A., and as she uses the new and valuable chart for cutting dresses, by which accorner and elegane; is necessarily attained, her emporium will doubtless be extensively pitronized this season by our fashionable feminines. The dress goods this Spring are really superb. The styles are various and elegant, and if made up properly the ladies will look in them, more lovely and fascinating than ever. It is not necessary to speak to the ladies of the distasteful appearance of an ill- on the bars, which is too low a stage for boats to fitting dress, be the material ever so fine, and to avoid such annovances, it is only necessary to employ the services of Miss American, at No. 34, Un- weather was fine, but rather cool for the season.

The weather yesterday was fair, but very windy. The dust, flying in gusts, made out-door exercises very disagrecable.

We are indebted to F. Hagan & Co., for the

The buildings upon the North side of the the proprietors and those who who are intending to occupy them, but also for those who necessarily frequent the streets in their vicinity. They are blockaded with material which is a source of great it, and who give it their undivided attention. inconvenience. It cannot be helped, however, and for the sake of the improvements will be patiently borne with.

In Bloom .- A peach-tree on Gedar street in the west ra part of the city, attracted our attention yesterday from the fact of its being in full bloom,

PASTEL PORTRAITS .- This style of painting was introduced here last summer by Mr. THUTSTON BLACK, of New York. His stay was limited to a few weeks, during which time he painted a number of our citizens, giving the highest satisfaction. He returned a short ago and has since been coustantly employed. There is a beauty of style, a harmonious blending of colors, a statuesquesness of figure, and a truthfulness of portraitism in his plutures, which commend them to all who admire the beautiful in art. It is a delightful recreation to study them as they hang in his studio.

If there are any more of our citizens who desire a portrait by him, they should not delay in making it known. Bespeak them immediately,

Mr. G. W. Grain, Scanic Artist of the Nashville Theatre, during the last season, has determined to remain in the city for some months, and is prepared to execute all kinds of Fresco and Ornamental work, of every kind and description, and he solicits a share of the public patronage. Persons having work of the above kind to do, will leave their orders at the office of the Patriot. 1w.

FINE CARRIAGES .- Calling in at the establishment of Fred. Sloan vesterday he showed us some very bandsome carriages, buggies, &c., which he has lately turned out. They are of superior finish and workmanship, and are alike creditable to proprictor, employees, and Nashville manufactures. Those desiring any thing in the way of a vehicle should call and see this stock.

RUNAWAY AND ACCIDENT .- A pair of horses attached to a wagon, and driven by a negro, white going down lower Market street yesterday, became restive and unmanageable, when a young man by the name of Muller, sprang in the vehicle to stop them. The negro jumped out before Muller got fairly bold of the lines, and the horses turning suddenly threw bim out, severely injuring him. He received several wounds, though not of a dang erous nature, which were speedily and properly attended

The Peake family family arrived yesterday, and we presume, will favor our citizens with one or more of their entertsinments.

CROP PROSPECT.-During the past ten days we have been through the counties of Rhea, Hamilton and Bledsoe, and find the prospects highly flattering for an abundant wheat crop. At this early season we think wheat looks better than it has for a number of years back, -if any thing, it has too large a growth and may reach too great a growth of stalk for a good development of the berry. In many instances farmers are pasturing their wheat fields. - Chattanooga Advertiser.

MEMPHIS THEATRICAL COMPANY -At a meeting of the Stockholders of this company, held on Thur :day last, Messrs. James Wickersham, W. A. Blythe and D. T. Ashe were elected Directors for the evsuing twelve months. Mr. Morgan, who is understood to be appointed the Architect, having returned from the eastern cities with a number of plans, the specifications will soon be prepared, and the work let out. It is intended to erect a handsome building to be ready for use by the first of October, -Memphis Eagle and Enquirer.

NEW ORLEANS, March 13. - Several of our largest business men have already left for Europe, regarding the season as nearly closed, so far as English orders are concerned. As a general thing, the s sasou has not been a good one pecuniarily, though in a number of individual cases large profits have been made. One dealer alone is said to have cleared, mainly by speculations, over a quarter of a million dollars.

Dominic O'Hara and John Lynch were killed. and thomas Young had a leg broken in Newport, Ky., on Saturday last, by an embankment caving in upon them as they were engaged at an excavation.

The New York Tribune of Saturday, states | T50 prises that Mrs. Susan Adams, wife of Mr. Jay L. Adams, died on Wednesday evening, from the disease which has afflicted the persons who have recently stopped at the National Hotel, in Washington. This lady stayed there on a recent journey from Savannah. A post mortem examination has been made showing that "the somuch was partially exten away; the bowels manifested symptoms of violent inflammation; the lungs were congested, and the kidneys severely affected."

Sheriff Green, in Dover, Pa., attempted to arrest eight runaway negroes from Virginia, last week. He succeeded in decoying them into a room, but before he could look the door their suspicions. of his purpose were aroused and they bolted, making their escape. Some of the tunder hearted lovers of thick lips, assisted them away on the underground railroad.

In New York on Sunday night, Susan Lent, an abandoued female who had robbed a man by drugging him, when arrested by the officers, for the robbery, requested permission to adjust he dress in another room; they consented, and on go ing in she raised the window and leaped outdistance of fifty feel; dislocated both ancles and receiving a fearful injury in the spine. She lies in a critical condition.

STEAMBOAT AND RIVER NEWS

The Comberland at this point, continues to recede. There are about 33 inches water on Harpeth

The only arrival yesterday was the Tennessee, from Clarksville. The Sellie West and the Commerce were looked for last night. The departures were the Tennessee and the W

Henry for below. The Commerce is advertised to leave to day for the J. G. Cline. She is a No. 1, light draught steamer, with excellent accommodations and experienced

and obliging officers. The Sallie West is up for St. Louis. She probably got here last night. The Sallie is one of the most popular boats in this trade, and her officers are deserving, affable and experinced steamboatsmen. Capt. Corbett is in command of her.

We are indebted to the Clerk of the City of Huntaville for files of late St. Louis and Memphis

The St. Louis Republican of the 17th says-The river at this point was about stationary yes terday. The last boat from Cairo reports 94 feet in the channel. It will be seen that the water is getting low again, but it is hoped that a little weather-a good deal warmer than we have yet had-will cause the upper rivers to rise again in all their wonted majesty and strength. The last boats from the Missouri River report scant 3 feet do a profitable business. Arrivals were numerous yesterday, especially from the Ohio River, there being no less than six from that quarter. The The I linois River is open to Petris, but when the St. Paul left that port Peoria Lake was frozen over.

NO HUMBUG:: THE undersigned have purchased the Patent right of DOUBLE ACTING BALL VALVE

Force and Lift Pump. Por the States of Tenuessee, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi and Louisiana. We have tested the Pump in all itarecommended uses for cedinary purposes—in wells, and as five engines; and hesitate not to say that it is superior to any pump now in use. It is simple and plain in its construction; can be taken to pieces or put tagesther by any ordinary man, black or white, in half a minute. There is not a server or buit about the pump; there is the least imaginable froited—brace its durability. It is almost impossible far it to get out of fix by usage.

When used for a well or distern it can be converted into a Pire Engine in one uninste, and by one man water can be thrown over the foliost houses in the country. It is invaluable as a Fire Engine, and aspecially in the country or come try towns.

Neuralgia Cured .- Read what Mr. Boyden says: no medicine ever had certificates from such respectable sources as Carter's Spanish Mixture Mr. F. Boyden, one of the original proprietors of the Astor House, New York, and for a number of years of the Exchange Ho el, Richmond, Va., was cured of a severe attack of Neuralgia, by Carter's Spanish Mixture. The rapid and perfect cure effected in his case by this valuable medicine, arrested his attention and excited his interest; he recommended it to others afflicted with a variety of diseases, and in every instance a cure was effected. He has seen it cure Ague and Fever, Rheumatism, Liver Complaint, Dyspepsia, Fevers, Violent Coughs, and cases which were said to be confirmed Consumption, and nearly every other disease for which it is used. He remarks it is difficult to know what disease it will not relieve or cure, and as a Blood Purifier, and Spring and Fall medicine,, he has never seen its equal. He cheerfully recommends it on all occasions, and believes it to be the most valuable remedy extant. march8-1m

Mercury, when taken to excess, debilitates the system, destroys the marrow, weakens the blood, and brings about disease which renders life burthensome. When such is the case, the sufferer may readily find relief in the use of Carter's Spanish Mixture, a never failing antidote for this destructive polson. In Vitginia alone there are hundreds of persons who have been permanently cured of mercurial affections by the use of Carter's Spanish Mixture.

Important to Consumptives -Many valuable lives have been saved by HEGGMAN, CLARE & Co.'s GENTINE Con Lives On, which, in all human probability, would have been lost but for its timely use.

It is no quack medicine, but the pure Oil, made with the utmost care from the Fresh Cod Fish Livers, and is recommended by the most eminent physicians in Europe and America, and has proved by ten years' experience the most valuable remedy for Consumption and Scrofula ever discovered, for, while it cures the disease, it increases the health and strength of the patient. Cauring Tagre is a great deal of spurious oil, adultera-

ted with Seal Oil, Whale Oil, &c., which, instead of benefit-

ting, injures the patient, by deranging the digestive organs, but being cheaper, is by unprincipled persons paimed off for genuine. Notice, that HEGEMAN, CLARK & Co.'s signature is over the cork, and the Eagle and Mortar on the label, for, since the debth of W. L. Rushton, our late partner, there has been an article called Rushton's put in the market, which is in no way connected with with R. C. & Co., or H. C. & Co.; and thousands who had used other Oil without sue

cess, have been restored to health by the Genuine Oil of Fold by EWIN BRO.'S, J. G. BROWN, and by all respectable Druggists.

PUBLIC SQUARE. WRITING A LL who wish to avail themselves of Mr. A DOLBEAR'S instructions in Writing should do so without delay, as Mr. D.'s stay in the city is but limited. Those who wish to know the permanent advantage of his instructions should inquire of those whem he taught 18 years since in this place. Parents, Ladies and Gentlemen Are invited to call and examine the rapid improvement of

LADIES In a few lessons learn to write with ease and elegance. No where do Ladies feel the want of facility in writing more than when marriage or other causes separate families, so that the only means of intercourse is on paper. The want of this facility often causes families to become estranged from each other, because a stiff, cramped hand renders that an intolerable task, which would otherwise be a pleasure. The following remarks of the Hon. T. H. Bancox are very

appropriate:

[Washington City, June 26, 1848,

8in: Considering a good hand-writing to be not only an accomplishment, but a means of ruccess to every man engaged in business, I greatly appland your meritorious exertions to improve the chirography of the age. A gentleman or a lady either who writes badly, never writes willingly; and consequently fall often to write when they should; and when they do write, it is done at the last moment, with haste and impatience, and consequently with faults of all kinds, often committing and injurin, both the writer and the cause which he advocates. Wishing you every success in your laudable undertakings, I remain yours, respectfully.

Thus, H. Benton.

Are invited to contrast the ever facility of chi'dren 6 or 8 years of age, after a few lessons from Mr. D., with the stiff, cramped style of those twice their age, who have been 6 or 8 years learning in the common method, and then judge which is the cheapest and best method, CHILDREN Should begin writing at an early age. The case and free-dom acquired from Mr. D,'s instructions are never lost, as can be accertained from many families in this place who have

PARENTS

CLERKS Who write an inferior style can hardly expect to get the best MERCHANTS And professional gastismen are often four hours in duing what facility in writing would enable them to do in our.
